In the confections business for over 17 years, Forever Sweet has established a reputation as a purveyor of high- quality chocolates and sweets. Belgian chocolate is the basis for all the chocolate confections and every product is created with the finest ingredients available. One of Forever Sweet's unique specialties is the Smash Cake. At first glance, the Smash Cake appears to be a standard cake. The surprise is that each cake is hollow and hidden inside is an edible treat! Typical Smash Cakes are made from dark or milk Belgian chocolate and topped with white chocolate. Inside, you will find delicious chocolate drizzled caramel corn, or chocolate drizzled pretzel pieces. In order to reach the yummy inside surprise, you will need a mallet – and that's where the SMASH comes in. One or two whacks with the mallet and each cake is smashed open, exposing the delicious goodies inside. These cakes are a "smash" hit at any occasion! Forever Sweet also creates decadent gourmet truffles, elegant Florentines and a wide assortment of chocolate barks.
