Lititz Springs Park, the heart of Lititz, is a private park for public use. Whether you want a leisurely stroll, concert, playgrounds or picnics, Lititz Springs Park serves all ages. Owned by the Lititz Moravian Congregation and maintained by the churches of Lititz, the park does not receive public funding; it relies heavily on the generous giving of citizens, businesses and organizations in the community who appreciate the park. In addition to supporting the longest continuous celebration of the Fourth of July in the country, contributions help with continuing maintenance of the park, including the Welcome Center/train station, other park buildings and the Lititz Memorial Square.

We make our confections the old-fashioned way in small batches, no giant automated cookers or conveyor belt to be found in our kitchen. Our recipes were handed down through three generations of candymakers, who practiced for years to perfectly judge the flavor, texture, temperature, and color needed to achieve delicious results. We have been making caramel corn since 1931 using a few simple ingredients. Caramel corn has a crunchy, glossy coating of sweet caramel with a hint of salt. It is handmade by cooking small batches of caramel in a large copper kettle, then adding air-popped popcorn and stirring.
